

WORKING DUTCH SHEPHERD ASSOCIATION OF AMERICA
APPLICATION FOR NON FCI / UKC SCOREBOOK and WDSAA WORKING PRIVILEGE LISTING ("WPL")

The WDSAA Working Privilege Listing ("WPL") addresses dogs which may not have FCI / UKC registration due to papers being withheld by the breeder, lost by the owner, or instances where a dog may have been surrendered, abandoned or rescued from a shelter. The WDSAA respects the many contributions of working unregistered Dutch Shepherds and wishes to recognize and list such dogs as Dutch Shepherds. Dog eligibility is contingent upon review of this application and included materials. If approved, the scorebook will list the breed of dog as Dutch Shepherd, together with a designation of either WDSAA WPL, UKC, UKC LP.

Please follow all instructions, as incorrect or incomplete application packages will result in processing delays.

Choose one of two options:

Proof of alternate registration limited to NHSB, UKC Limited Privilege.

OR

Photo review application (page 2 of this application) with 2 photographs, frontal face view and full body profile.

ALL applications MUST include:

- Permanent identification via tattoo or microchip
- WDSAA member number and copy of member card or email confirmation from Membership Secretary
- \$15.00 non-refundable application fee made payable to "WDSAA" (additional \$15.00 for expedited processing)
- Send scorebook if you are requesting an WDSAA WPL for a dog previously identified as a Mix.

Dogs given the listing of Dutch Shepherd in WDSAA issued scorebooks containing the above-described designations will not be eligible for events requiring FCI / UKC registration and will have a notation that they are not registered as such in their scorebook. Please allow 2 weeks processing time upon receipt of your properly completed application. Applications requiring WDSAA WPL photograph approvals may incur additional processing time.
